Si200 Body-Worn Video Camera. Simple controls, a high-resolution camera and rugged design makes capturing the evidence easy. Get the Picture. Be confident you captured the evidence you need with a camera system that works for you anywhere, anytime - with a high-res camera, low light recording and simple controls.

Body-Worn Video Solution - Motorola Solutions

In physics, the n-body problem is the problem of predicting the individual motions of a group of celestial objects interacting with each other gravitationally. Solving this problem has been motivated by the desire to understand the motions of the Sun, Moon, planets, and visible stars. In the 20th century, understanding the dynamics of globular cluster star systems became an important n-body ...

Solutions and Mixtures Before we dive into solutions, let's separate solutions from other types of mixtures. Solutions are groups of molecules that are mixed and evenly distributed in a system. Scientists say that solutions are homogenous systems. Everything in a solution is evenly spread out and thoroughly mixed.

System power architectures in body control modules. Complex BCMs require complex power management architectures. This paper explores various methods of powering a BCM to help you choose the best power topology for your design.

Body Electronics and Lighting System Solutions | Overview ...

In chemistry, a solution is a special type of homogeneous mixture composed of two or more substances. In such a mixture, a solute is a substance dissolved in another substance, known as a solvent. The mixing process of a solution happens at a scale where the effects of chemical polarity are involved, resulting in interactions that are specific to solvation.
