Interactives. Dynamic Earth. Earth's Structure - Learner

Earth is the third planet from the Sun, and the only astronomical object known to harbor life. According to radiometric dating and other sources of evidence, Earth formed over 4.5 billion years ago. Earth's gravity interacts with other objects in space, especially the Sun and the Moon, Earth's only natural satellite. Earth revolves around the Sun in 365.26 days, a period known as an Earth year.

The University of the State of New York REGENTS HIGH SCHOOL EXAMINATION PHYSICAL SETTING EARTH SCIENCE Friday, June 17, 2016 — 9:15 a.m. to 12:15 p.m., only Use your knowledge of Earth science to answer all questions in this examination.

PHYSICAL SETTING EARTH SCIENCE - Regents Examinations

The first eon in Earth's history, the Hadean, begins with the Earth's formation and is followed by the Archean eon at 3.8 Ga.: 145 The oldest rocks found on Earth date to about 4.0 Ga, and the oldest detrital zircon crystals in rocks to about 4.4 Ga, soon after the formation of the Earth's crust and the Earth itself. The giant impact hypothesis for the Moon's formation states that shortly ...

8.1.1 The Design of Gadget, Fat Man, and "Joe 1" (RDS-1). The design of the Gadget and Fat Man devices are discussed together since they are basically the same. Gadget was an experimental test version of the implosion system used in Fat Man and were identical in all but a couple of details. A test of the implosion bomb was considered essential due to the newness of the explosive wave shaping ...

Back to top of Section 4 4.1 Elements of Fission Weapon Design. 4.1.1 Dimensional and Temporal Scale Factors. In Section 2 the properties of fission chain reactions were described using two simplified mathematical models: the discrete step chain reaction, and the more accurate continuous chain reaction model.

4.1 Elements of Fission Weapon Design

The content standards presented in this chapter outline what students should know, understand, and be able to do in natural science. The content standards are a complete set of outcomes for students; they do not prescribe a curriculum. These standards were designed and developed as one component of ...
