The term "level of analysis" is used in the social sciences to point to the location, size, or scale of a research target."Level of analysis" is distinct from the term "unit of observation" in that the former refers to a more or less integrated set of relationships while the latter refers to the distinct unit from which data have been or will be gathered.

Level of analysis - Wikipedia

Atypia (from Greek, a + typos, without type; a condition of being irregular or nonstandard) is a pathologic term for a structural abnormality in a cell, i.e. it is used to describe atypical cells.. It may or may not be a precancerous indication associated with later malignancy, but the level of appropriate concern is highly dependent on the context with which it is diagnosed.

Atypia - Wikipedia

The depth and business-relevance of our course content are unsurpassed. Only PetroSkills courses are developed in collaboration with the PetroSkills Alliance - the industry's most authoritative voice concerning what oil and gas professionals really need to know today.. PetroSkills instructors are world class experts, practitioners in their fields who have learned to be superb teachers in ...
